[Conservation Order M-328, Direction 29]

USE OR DISPOSITION OF MATERIAL ACQUIRED WITH PRIORITIES ASSISTANCE OR SUBJECT TO SET-ASIDES UNDER ORDERS IN M-328B AND M-388 SERIES

The following direction is issued pursuant to Conservation Order M-328:

(a) **Purpose.** The purpose of this direction is to state the rules governing the use or disposition of material acquired with priorities assistance or subject to set-asides under orders in the M-388 series, which have expired, or under schedules to Order M-328B when they expire or are revoked. Where inconsistent these rules supersede those stated in Priorities Regulation 1, § 944.11, or Direction 5 to Order M-388.

(b) **Material obtained with priorities assistance.** (1) Any manufacturer of apparel who was assigned a rating under an order or a direction in the M-388 series, or under a schedule to Order M-328B which has expired or is revoked, must use all of the fabric he obtained (prior to revocation) with the rating to make items of the kinds and for sale at the prices specified in those orders or schedules, or to fill AAA, MM or CC rated orders.

(2) Any other person who got materials with ratings assigned under an order in the

M-388 series, or under a schedule in the M-328B series which has expired or is revoked, must use the material to fill rated orders received by him in accordance with Priorities Regulation 1. If he has no rated orders, he may use or dispose of the material in accordance with Priorities Regulation 1, § 944.11, paragraph (b).

(c) *Set-asides.* Set-asides established in orders in the M-388 series are no longer applicable. However, material which was subject to any set-aside in orders in the M-388 series must be used to the extent required to fill rated or certified orders under the schedules of Order M-328B or to fill other rated orders.

PART 3270—CONTAINERS

[Conservation Order M-81, as Amended Nov
30, 1945]

CANS

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of materials entering into the manufacture of cans for defense, for private account and for export, and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 3270.31 Conservation Order M-81—

(a) *What this order does.* This order places limitations upon cans made of tinplate or terneplate. Cans made exclusively of blackplate, electrolytic tinplate waste-waste, terneplate waste-waste, terneplate waste and tinplate waste are no longer restricted by this order. This order no longer sets any quotas. This order lists in Schedule A the only products which may be packed in tinplate or terneplate cans with certain exceptions set forth in the order.

(b) *Definitions specifically for the purpose of this order.* (1) "Can" means any unused container, made in whole or in part of tinplate or terneplate, which is suitable for packing any product. The term includes any container which has a closure or fitting, made in whole or in part of tinplate or terneplate, but does not include a glass container having such a closure or fitting. The term does not include fluid milk shipping containers.

(2) "Tinplate" means steel sheets coated with tin (including primes and seconds) and includes (i) electrolytic tinplate in which the tin coating is applied by electrolytic deposition, and (ii) hot dipped tinplate in which the tin coatings are applied by immersion in molten tin. The term includes hot dipped tinplate waste-waste, but not electrolytic tinplate waste-waste or tinplate waste.

(3) "Terneplate" means steel sheets coated with terne metal (including primes and seconds). The term does not include terneplate waste-waste or terneplate waste. "Terne metal" means the lead-tin alloy used as the coating for terneplate but does not include lead

recovered from secondary sources which contains not more than 2½ percent residual tin.

(4) "SCMT" means special coated manufacturers' terneplate.

(5) "Waste" means scrap tinplate and terneplate (including strips and circles) produced in the ordinary course of manufacturing cans and tinplate and terneplate strips produced in the ordinary course of manufacturing tinplate and terneplate. The term also includes tinplate and terneplate parts recovered from used cans.

(6) "Waste-waste" means hot dipped or electrolytic tin-coated steel sheets or steel sheets coated with terne metal which have been rejected during processing by the producer because of imperfections which disqualify such sheets from sale as primes or seconds.

(c) *General restrictions on manufacture, sale and delivery.* No person shall sell, manufacture or deliver any cans which he knows, or has reason to believe, will be accepted or used in violation of any provision of this order.

(d) *General restrictions on use of tinplate or terneplate cans.* No person may use a tinplate or terneplate can for any purpose other than for packing the products listed in Schedule A in accordance with the size and material limitations set forth in that schedule. The only exceptions to this rule are set forth in paragraphs (e) through (i).

(e) *Exceptions for SCMT for soldered parts of cans to pack unlisted non-food products.* Cans made without using any tinplate or terneplate except soldered parts made of SCMT may be used for packing any non-food products not listed in Schedule A, without restriction as to size.

(f) *Exception for small users.* Any person whose total use of cans for packing in any calendar year requires less than 250 base boxes of tinplate and terneplate may use cans with the soldered parts made from 0.25 electrolytic tinplate for packing products not listed on Schedule A, except that he may not use these cans for packing animal food (see paragraph (k)).

(g) *Exception for products which are not to be sold.* Tinplate or terneplate cans may be used to pack any product which is not to be sold in the same or different form, but this does not permit the use of cans contrary to the other provisions of the order for the purpose of advertising or promoting the sale of a product.

(h) *Military exceptions.* The use of tinplate or terneplate cans for packing any products not listed on Schedule A and any listed non-food products is permitted (without any size or material restrictions) when such cans are to be delivered either packed or empty to the Army, Navy, Veterans' Administration, Maritime Commission or War Shipping Administration or to persons operating vessels for the Maritime Commission or the War Shipping Administration for use on the vessels.

(i) *Exception for cans permitted before an amendment.* Whenever can material specifications for a product are changed by an amendment to this order, any person may pack that product in any can which was permitted before the

amendment if the can, or the tinplate or terneplate incorporated in it, was in his inventory, in the inventory of the can manufacturer, or in process or in inventory at a tin mill for the account of the can manufacturer on the date of the amendment.

(j) *Completion and sale of outdated cans.* Whenever can material specifications for a product are changed by an amendment to this order, a can manufacturer must continue to make, sell and deliver cans for that product in accordance with the former specifications and must not make any cans conforming to the new specifications as long as there is available to him tinplate or terneplate made for him which was in process at the tin mill or in its inventory for his account, or in his inventory on the date of the change.

(k) *Prohibition against use of cans for animal food.* No person shall use any tinplate or terneplate cans for packing any food which is not intended and suitable for human consumption. The use of such cans for animal and pet food is not permitted.

(l) *Certificate for deliveries of tinplate or terneplate cans.* No can manufacturer shall make, sell or deliver any tinplate or terneplate cans unless he has received from the purchaser a certificate signed manually or as provided in Priorities Regulation 7. This certificate shall be in substantially the following form and once filed by a purchaser with a supplier, covers all future deliveries from the supplier to that purchaser.

The undersigned purchaser certifies, subject to criminal penalties for misrepresentation, that he is familiar with Order M-81 of the Civilian Production Administration, and that all purchases from you of items regulated by that order, and the use of the same by the undersigned, will be in compliance with that order.

If a certificate in substantially the above form has been received from a purchaser before November 16, 1945, no additional certificate is required from the purchaser.

(m) *Appeals.* Appeals from this order shall be filed by addressing a letter in triplicate to the Civilian Production Administration, Washington 25, D. C., Ref: M-81. The letter of appeal need not follow any particular form. It should state informally, but completely, the particular provisions appealed from, the precise relief desired, the reasons why denial of the appeal would result in undue and excessive hardship, and such other statistical and narrative information as may be pertinent.

(n) *Communications.* All communications concerning this order shall, unless otherwise directed, be addressed to: Civilian Production Administration, Washington 25, D. C., Ref: M-81.

(o) *Violations.* Any person who willfully violates any provision of this order or who, in connection with this order willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further delivery of, or from processing or using, material under priority control

and may be deprived of priorities assistance.

Issued this 30th day of November 1945.

CIVILIAN PRODUCTION ADMINISTRATION,

Recording Secretary.

SCHEDULE A

NOTE: Schedule A amended Nov. 30, 1945.

Column 1. Listed products. Listed in this column are the only products, except as provided in paragraphs (e), (f), (g), (h), and (i) of the order, which may be packed in tinsplate or terneplate cans.

Column 2. Can sizes. This column indicates the permitted sizes of cans, except that any person may use for packing any listed product a can which is larger than the largest listed size for packing that product. The size restrictions in this column also apply to cans to pack the listed products which are de-

livered to the agencies and persons listed in paragraph (h). Wherever the can size is specified by weight, the weight referred to shall be net weight of the contents of the can. Other can sizes are described in the terminology common to the industry such as "cylindrical", "picnic", "oval", "drawn", "tall", "2", "10", "8z", etc.

Columns 3 and 4. Can materials. These columns specify the materials permitted for the soldered and nonsoldered parts of the tinsplate or terneplate cans for each of the listed products. Any person may also use for packing a listed product such cans with a tin coating lighter than that specified for that product. Hot dipped tinsplate waste-waste may be used wherever 0.50 or heavier tinsplate is specified. The material restrictions in this column also apply to cans to pack the listed food products which are delivered to the persons specified in paragraph (h). Wherever "CTB" (chemically treated blackplate) is specified for food products 0.50 electrolytic

tinsplate may be substituted where such cans are to be delivered to the Army or the Navy for overseas use; however, where in such cases the cans are to pack listed meat products, 1.25 tinsplate may be substituted. When only a figure is given in Column 3 or Column 4, this means that only tinsplate may be used for the part, and the figure given indicates the maximum weight of tin coating per single base box. Menders arising in the production of electrolytic tinsplate, which have been hot dipped with a maximum tin coating of 1.25 pounds per base box, may be used wherever 0.50 or heavier tinsplate is specified in this column. Menders arising in the production of electrolytic tinsplate which have been converted into SCMT may be used wherever 0.25 or heavier tinsplate is specified in this order for nonfood cans. When a scored can is used to pack any of the meat products listed in this schedule, 1.25 tinsplate may be used for the body of the can.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Conservation Order M-51, as Amended Dec. 4, 1945]

PIGS' AND HOGS' BRISTLES AND BRISTLE PRODUCTS

Section 3290.161 *Conservation Order M-51* is hereby amended to read as follows:

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of pigs' and hogs' bristles for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3290.161 *Conservation Order M-51*—(a) *Definitions of "bristles"*. For the purpose of this order "bristles" means pigs' or hogs' bristles, including riflings, 2 inches or longer, whether new, reclaimed, raw, dressed, imported, or domestic.

(b) *Importation*. Notwithstanding any other order, rule, regulation or direction, or any other certificate or authorization, no person other than Reconstruction Finance Corporation or U. S. Commercial Company shall import any variety of bristles of the categories known as "Chinese," "Indians," "Russians" or "Siberians." The importation of bristles of other categories shall be according to General Imports Order M-63, as amended from time to time.

(c) *Inventories of bristles*. No person manufacturing brushes shall buy or accept delivery of any bristles 2½ inches or longer if he has more bristles on hand than are required to continue his current rate of operations for a period of 120 days.

(d) *Restrictions on purchase of bristles from the Reconstruction Finance Corporation*. No person may buy or accept delivery from Reconstruction Finance Corporation of any bristles of the categories known as "Chinese," "Indians," "Russians" or "Siberians" unless specifically authorized in writing by the Civilian Production Administration. Persons wishing to buy bristles of these categories from the Reconstruction Finance Corporation should apply by letter to the Textile Division, Civilian Production Administration, Washington 25, D. C., Ref.: M-51. The applicant will be advised by the Reconstruction Finance Corporation if the application is granted, and by the Civilian Production Administration if the application is denied. Allocations will be made to bristle dealers who meet Reconstruction Finance Corporation's conditions and terms of sale and persons who were not formerly in that business will be given an equitable share.

(e) *Equitable distribution*. It is the policy of the Civilian Production Administration that bristles, not required to fill rated orders, shall be distributed equitably. In making such distribution due regard should be given to essential civilian needs, and there should be no discrimination in the acceptance or filling of orders as between persons who meet the seller's regularly established prices and terms of sale or payment. Under this policy,

every seller of bristles, so far as practicable, should make available an equitable proportion to his customers periodically, without prejudice because of their size, location, or relationship as affiliated outlets. It is not the intention to interfere with established channels and methods of distribution, unless necessary to meet essential needs. If voluntary observance of the policy outlined is inadequate to achieve equitable distribution, the Civilian Production Administration may issue specific directions to concerns.

(f) *Communications*. All reports required to be filed and all communications concerning this order shall unless otherwise directed be addressed to the Civilian Production Administration, Textile Division, Washington 25, D. C., Ref. M-51.

(g) *Appeals*. Any appeal from the provisions of this order shall be made by filing a letter in triplicate referring to the particular provision appealed from and stating fully the grounds for the appeal.

(h) *Violations*. Any person who willfully violates any provision of this order, or, who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

(i) *Applicability of regulations*. This order and all transactions affected thereby are subject to all applicable regulations of the Civilian Production Administration, as amended from time to time.

Issued this 4th day of December 1945.

PART 1445—LIVESTOCK

[MPR 469, Amdt. 18]

LIVE HOGS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.

Maximum Price Regulation No. 469 is amended by the addition of paragraph (d) to section 1 to read as follows:

(d) To sales or deliveries of live hogs which have been exhibited in competition at a fair, show, or exhibition, *Provided:*

(1) That such sales are made in the course of a regularly scheduled public sale held at the time and place of such fair, show or exhibition.

(2) That permission to hold such regularly scheduled public sale on a ceiling exempt basis has been obtained from the Director of the appropriate District Office of the Office of Price Administration prior to the sale. The Director of any appropriate District Office of the Office of Price Administration hereby is authorized to grant such permission by order, whenever the following conditions are met:

(i) Written request for such permission has been made by the president, secretary or manager of the organization promoting such fair, show or exhibition.

(ii) Such fair, show or exhibition must be recognized generally as being of state, regional (as distinguished from local) or national character.

(iii) The organization promoting such fair, show or exhibition must have been in existence prior to 1942; or must be an organization that is the legal successor to an organization which was in existence prior to 1942, such succession having occurred prior to November 1, 1945.

(iv) The fair, show or exhibition must have been promoted and held as a regular event prior to 1942 by an organization meeting the requirements of foregoing subdivision (iii).

(v) The traditional events occurring at such fair, show or exhibition prior to 1942 included a regularly scheduled public sale for slaughter of some or all of the live hogs exhibited.

(vi) For purposes of convenience requests for permission to hold such ceiling exempt sales made under this section 1 (d) (2) may be combined with requests for similar permission filed under section 1 (b) (5) (ii) of Maximum Price Regulation No. 574.

(3) That each live hog or lot of live hogs so sold or delivered to any purchaser at such fair, show or exhibition in the course of such regularly scheduled public sale shall be certified in writing to such purchaser by the secretary or manager of the organization promoting such event as follows:

(i) To have been entered and officially accepted for exhibition purposes at such fair, show or exhibition.

(ii) To have been exhibited in competition at such fair, show or exhibit.

(4) That the exemption herein made shall not extend to the sale at such fair, show or exhibition of live hogs not offi-

cially engaging in competitive exhibition in such fair, show or exhibition. For the purposes of this section 1 (d), live hogs which, as the result of the official action of any representative of the organization promoting such fair, show or exhibition, have been rejected for, or barred from competitive exhibition prior to the holding of the event in which competition winners are selected, shall not be deemed to have been exhibited at such fair, show or exhibition.

This amendment shall become effective December 3, 1945.

¹ The lowest net ceiling price is the lowest ceiling price which the manufacturer has for sales to any class of distributor for sales of the machine equipped with an electric motor (but, in the case of a wringer type machine, not with a water pump), less all allowances and all discounts except discounts for prompt payment.

² The areas included in each zone are set forth in section 17.

If a wringer type washing machine is equipped with a water pump, \$10.00 may be added to the ceiling price for the machine shown in the above table.

If a washing machine is equipped with a gasoline motor, instead of an electric motor, \$25.00 may be added to the ceiling price for the machine shown in the above table.

2. Section 17, *Zones* is amended to read as follows:

SEC. 17. *Zones.* For purposes of this regulation, Zones 1, 2 and 3 consist of the following States:

Zone 1—Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, North Carolina, South Carolina, West Virginia, Ohio, Kentucky, Indiana, Michigan, Illinois, Wisconsin, Missouri, Iowa, Minnesota, Kansas, Nebraska, North Dakota, South Dakota, and the District of Columbia.

Zone 2—Alabama, Georgia, Mississippi, Tennessee, Louisiana, Florida, Arkansas and Oklahoma.

Zone 3—Washington, Oregon, California, Nevada, Montana, Idaho, Utah, Colorado, Wyoming, New Mexico, Arizona and Texas.

3. Section 21, *Modification of provisions of this regulation* is amended to read as follows:

SEC. 21. *Modification of the provisions of this regulation.* The provisions of this regulation as applied to classes of commodities or persons subject thereto may be modified by orders of general applicability issued under this section.

Orders may also be issued under this section, at the request of a manufacturer, altering his zoning practices and prices, and those of his distributors and dealers accordingly, when it appears that no increase in the general level of prices of

machines covered by this regulation will result.

This amendment shall become effective on the 4th day of December 1945.

Issued this 4th day of December 1945.

Administrator.

[RMPR 208,¹ Amdt. 9]

MAXIMUM PRICES FOR STAPLE WORK CLOTHING

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 208 is amended in the following respects:

1. Paragraph (d) is added to section 5.6 to read as follows:

(d) *Specific authorization for manufacturers of jean, drill, twill and poplin garments.* (1) Any manufacturer of a work garment, made from jean, drill, twill and poplin materials purchased on or after September 17, 1945, may sell and deliver such garment at the maximum price in effect on July 1, 1945, and reserve the right to charge the difference, if any, between that maximum price and any higher maximum price which may thereafter be established by OPA.

(2) Any manufacturer who elects to exercise the adjustable pricing permission provided in this paragraph (d) must, in connection with each contract of sale, deliver to the purchaser the following statement in writing, or stamp such statement on the invoice required by section 5.2 (a) (4):

For as long as permitted by OPA (name of manufacturer) reserves the right to charge you, for the following quantities of garments delivered pursuant to this contract, the difference between our ceiling price in effect on July 1, 1945, and any higher ceiling price which may thereafter be established by OPA.

Lot No. Quantity (Number of dozens)

OPA has ruled that in determining your ceiling price for these garments, you must use as your "supplier's net selling price" our net price to you under this contract, exclusive of the additional charge which we may be permitted to make.

(3) The permission granted in this paragraph (d) shall remain in effect only until the date revised maximum prices of general applicability are first hereafter established for manufacturers' sales of jean, drill, twill and poplin garments, or this paragraph is revoked, whichever is earlier.

(4) Any purchaser who buys jean, drill, twill or poplin garments under a contract containing an adjustable pricing clause authorized by this paragraph (d) shall disregard that clause, and any additional charge made pursuant to it, in determining his ceiling prices for resale of the garments so purchased.

(5) No person is authorized to collect an amount in excess of the ceiling in

effect on July 1, 1945, for any jean, drill, twill or poplin garments, unless prior to the revocation of this paragraph (d), revised maximum prices of general applicability have been established for such garments.

2. Section 5.9 (b) (1) is amended to read as follows:

(1) *Who may apply.* Any manufacturer who was required to produce a garment of staple work clothing by the War Production Board, pursuant to Conservation Order No. M-379 (issued July 10, 1944) and General Direction No. 1 to Conservation Order No. M-379 (as amended October 12, 1944), may apply for an adjustment of his ceiling price on such garment.

3. Section 5.9 (b) (4) is amended to read as follows:

(4) *Denial of applications.* An application may be denied, notwithstanding the standards in subparagraph (2), if price relief under an alternate method has been provided for the applicant or his industry, or if the Price Administrator determines that granting the application would not accord with the purpose of the Emergency Price Control Act of 1942, as amended.

This amendment shall become effective December 10, 1945.

Issued this 4th day of December 1945.

CHESTER BOWLES,
Administrator.

NOTE: Short handles are the types included in the price lists under Hammer Handles and Hatchet Handles. Long Handles are all other types such as axe, pick and maul.

(4) *Sales of hickory handles marked with trademark or brand.* If an order for the purchase of hickory handles specifically stipulates that the order be composed of hickory handles to be marked with the trademark or brand of either the buyer or seller, which order constitutes a mixture of different grades of such handles of a type, class and pattern contained either in the list in Table C of subparagraph (1) or in the list in Table D of subparagraph (2) or in both

lists, the manufacturer's maximum price for the order shall be the price in either (i) or (ii) as follows:

(i) On a sale to a buyer other than a buyer who is engaged in the business of selling hardwood striking tool handles only at retail (see definitions in subparagraph (5) (iv)), the maximum price shall be 65% of the weighted average list price for those tables for the mixture of such handles evened off to the nearest 10 cents.

(ii) On a sale to a buyer who is engaged in the business of selling hardwood striking tool handles only at retail (see definitions in subparagraph (5) (iv)), the maximum price shall be 74% of the weighted average list price for those tables for the mixture of such handles evened off to the nearest 10 cents.

The distributor's maximum price for such an order of handles shall be 82% of the weighted average list price from those tables for the mixture of such handles evened off to the nearest 10 cents.

For example: A buyer orders 100 doz. single bit hickory axe handles of a brand called the "X" brand, the order to be made up of the following grades:

50 doz. AW, 10 doz. BW, 20 doz. AR, 20 doz. BR.

The weighted average price is computed as follows:

Grade	Number of dozen in order	List price per dozen	List price for number of dozen in order
AW.....	50	\$8.20	\$410.00
BW.....	10	6.90	69.00
AR.....	20	6.30	126.00
BR.....	20	5.30	106.00
			\$711.00

\$711.00 divided by 100 dozen = \$7.10, the weighted average list price per each dozen in the order evened off to the nearest 10 cents.

The manufacturer's maximum price on a sale to a buyer other than a buyer who is engaged in the business of selling hardwood striking tool handles only at retail is 65% of \$7.10 or \$4.60 per dozen.

The manufacturer's maximum price on a sale to a buyer engaged in the business of selling hardwood striking tool handles only at retail shall be 74% of \$7.10 or \$5.30 per dozen.

The distributor's maximum price is 82% of \$7.10 or \$5.80 per dozen.

The manufacturer's maximum price for an order of hickory handles made up of hickory handles to be marked with the trademark or brand of either the buyer or seller and which are composed of a single grade of a type, class and pattern contained either in the list in Table C of subparagraph (1) or in the list in Table D of subparagraph (2) shall be the price in either (i) or (ii) as follows:

(i) On a sale to a buyer other than a buyer who is engaged in the business of selling hardwood striking tool handles only at retail (see definitions in subparagraph (5) (iv)), the maximum price shall be 65% of the list price for those handles of that grade, type, class and pattern contained in Table C or Table D, whichever table applies.

(ii) On a sale to a buyer who is engaged in the business of selling hardwood striking tool handles only at re-

tail (see definitions in subparagraph (5) (iv)), the maximum price shall be 74% of the list price for those handles of that grade, type, class and pattern contained in Table C or Table D, whichever table applies.

The distributor's maximum price for such an order of handles shall be 82% of the list price for those handles of that grade, type, class and pattern contained in Table C or Table D, whichever table applies.

(5) Sales by sellers other than producers and manufacturers. The maximum prices provided for under this subparagraph (5) are subject to the discounts and concessions required by paragraph (e).

(i) Definition of distribution type of sale. The distribution type of sale is a sale by a seller, other than a producer or manufacturer, out of his own warehouse where that seller maintains a varied stock of items covered by this section and which seller buys those items from one or more producers or manufacturers of such items and sells them to government agencies, industrial users, tool manufacturers or retailers.

A sale by a producer or manufacturer or by a seller who does not maintain a warehouse shall not be classified as a distribution type of sale under any circumstances.

(ii) Maximum prices for handles on distribution type of sale—(a) Hickory handles: Simplified Practice Recommendation R77-39. The maximum prices on the distribution type of sale, f. o. b. the distributor's warehouse, for hickory handles graded according to Simplified Practice Recommendation R77-39 shall be 82% of the prices contained in Table C in subparagraph (1) above for the types, classes, grades and sizes indicated.

(b) Hickory handles: Federal Specification NN-H-93. The maximum prices on the distribution type of sale, f. o. b. the distributor's warehouse, for hickory handles manufactured and graded according to Federal Specification NN-H-93 shall be 82% of the prices contained in Table D in subparagraph (2) above for the types, classes, grades and sizes indicated.

(c) Handles specially priced under paragraph (c) below, of this section. The maximum prices on the distribution type of sale, f. o. b. the distributor's warehouse, for handles not specifically priced in this section but which are specially priced under paragraph (c) below shall be 82% of the list price duly approved by the Office of Price Administration as provided in that paragraph (c).

(iii) Maximum prices for handles sold by a seller who does not maintain a warehouse. For a seller who does not maintain a warehouse the maximum prices for handles covered by this section shall be the same maximum prices established by this section for manufacturers.

(iv) Retail type of sale. The retail type of sale is excluded from the coverage of this section. That type of sale is covered by the General Maximum Price Regulation or a successor regulation possessing such coverage. For the purpose of this section, the retail type of sale is not a distribution type of sale but is a sale "across the counter" to an ultimate

consumer in small quantities of an item which the seller carries in stock and which the seller has purchased for resale.

Within the meaning of this section, a person who is engaged in the business of selling hardwood striking-tool handles at retail is one who is in the business of making the retail type of sale as defined above.

(c) Maximum prices for hickory handle blanks, hickory handles and all other hardwood striking-tool handles not specifically priced in this section. Hickory handle blanks, hickory handles and all other hardwood striking tool handles sold on special grades or specifications or with special services or other extras not specifically priced in this section are nevertheless subject to this section as "specially priced items" or "special items." The producer or manufacturer (referred to as seller in this paragraph), making a sale of an item covered by this section for which that seller does not have a maximum price duly approved by the Office of Price Administration, shall apply to the Lumber Branch of the Office of Price Administration, Washington 25, D. C. for approval of a requested maximum price for that item. The application shall cover only one order or inquiry of hickory handle blanks or hardwood striking-tool handles and a copy of that order or inquiry shall accompany the application.

On his application the seller shall show (1) the list price in October 1941 of the "special item" and (2) the price differential in October 1941 between the net price of the "special item" and the net price of the most comparable standard item specifically priced in this section, or (3) the price differential during the first month before October 1941 in which he had sales of both the special item and the most comparable item, or (4) if (2) and (3) are impossible, the price differential which the seller would have maintained between these two items in October 1941. The seller shall report his requested price in his application together with an explanation of how he has determined such price. The maximum price shall be a price which is in appropriate relationship to the most comparable standard item, determined from an examination of the data submitted by the seller and from such other data as may be available to the Office of Price Administration. A maximum price duly approved by the Office of Price Administration for a seller for a special item shall apply to subsequent sales by that seller of the identical item unless the Office of Price Administration limits the applicability of the approved price in some manner.

Within thirty (30) days of the date on which the seller's application is received by the Lumber Branch, the Office of Price Administration shall send to the seller (1) an approval of a maximum price, (2) a disapproval of the requested price, or, (3) a request for additional information. If the Office of Price Administration fails to send one of such notices within the thirty (30) day period, the seller may use his requested price as an approved maximum price but such approval shall be applicable only to the one specific

order or inquiry covered by the application and only to the quantity of the special item contained in that order or inquiry on the date of the application.

Following the receipt of the application by the Lumber Branch, the Office of Price Administration must send a notice to the seller informing him of the receipt of the application. If, within the thirty (30) day period described above, the Office of Price Administration requests additional information, a new thirty (30) day period shall begin to run from the date on which that information is received by the Lumber Branch.

Prior to the approval of a maximum price as provided in this paragraph, the seller shall not make any collections on account of the sale price of the special item. However, the seller may proceed with the delivery of the special item, using the requested price as a tentative maximum price but all quotations, contracts and invoices must notify the buyer that the price is subject to approval by the Office of Price Administration within the thirty (30) day period described above.

(d) *Sales made on basis other than list prices contained in this section.* It shall not constitute a violation of this section for a seller of items covered by this section to sell on a basis other than the use of the list prices contained in Tables C and D of subparagraphs (1) and (2) respectively of paragraph (b) above, provided, the sale prices of such seller do not exceed the maximum prices provided for in this section.

(e) *Discounts and concessions.* All maximum prices provided for under this section 3.10 are subject to this paragraph (e). In making a sale of an item or items covered by this section, a seller shall give to the purchaser the same trade, cash or service discounts or concessions which that seller gave to a purchaser of the same class in March 1942. For example: A manufacturer of striking-tool handles sold handles in March 1942 to distributors at a discount of 50% from his list price and sold to tool manufacturers at discounts from his list prices of 50% and 5%. Under this section, that manufacturer must continue to maintain these discount relations and would sell to distributors at 65% of his list prices and would sell to tool manufacturers at discounts from his list prices of 35% and 5%.

(f) *Transportation.*—(1) *Hickory handle blanks.*—(i) *Common or contract carrier.* To the permissible maximum price for hickory handle blanks provided for in this section, the seller of the blanks may add the actual transportation charges paid by the seller to a common or contract carrier for transportation of the hickory handle blanks directly from the seller's plant to the point of delivery required by the purchaser.

(ii) *Truck haul prior to shipment by a common or contract carrier.* When a truck haul precedes a rail shipment or water-borne shipment, as for example, when a seller of hickory handle blanks located away from a railhead or away from the point at which water-borne shipment begins, hauls the hickory han-

dle blanks by truck to the railhead or to shipside, no addition may be made for the truck haul.

(iii) *All truck haul.* When shipment of hickory handle blanks is by truck owned or controlled by the seller, no addition may be made for such transportation charges or expenses if the point of delivery ordered by the purchaser is located 25 miles or less from the seller's plant over the most direct route which is normally used. But, when shipment of the hickory handle blanks is by truck owned or controlled by the seller and if the point of delivery ordered by the purchaser is located at a point greater than 25 miles from the seller's plant over the most direct route which is normally used, the seller may make the following additions to the permissible maximum price for hickory handle blanks provided for in this section:

- 1 cent per blank for lengths 29" or more.
- ½ cent per blank for lengths less than 29".

(iv) If, in the purchase of hickory handle blanks, the point of delivery ordered by the purchaser is located at a point greater than 25 miles from the seller's plant over the most direct route which is normally used and, if the purchaser collects the hickory handle blanks at the seller's plant and transports them in a truck owned or controlled by the purchaser to the point of delivery, the seller shall deduct from the maximum prices provided for in paragraph (a) (1) of this section a sum figured as follows:

- 1 cent per blank for lengths 29" or more.
- ½ cent per blank for lengths less than 29".

(2) *Hickory handles or other hardwood striking-tool handles.* For a shipment of hickory handles or other striking-tool handles weighing less than 100 lbs., the seller may add to the permissible maximum price provided for in this section the actual charges paid or owed by the seller to a common or contract carrier for transportation directly from the seller's plant to the point of delivery required by the purchaser.

For a shipment of hickory handles or other striking-tool handles weighing 100 lbs. or more to a point of delivery ordered by the buyer located east of 105° West Longitude the following rules shall govern:

(i) If the seller makes shipment by a common carrier of the seller's own choice to the point of delivery referred to above, no addition for transportation shall be made by the seller to the permissible maximum prices for the items sold provided by this section.

(ii) If on the specific order of the buyer, the seller makes shipment by a common carrier other than the one charging the lowest rate of all common carriers providing transportation from the seller's shipping point to the point of delivery referred to above, the seller may add the amount of the difference between the lawful charges of the common carrier by which shipment was made and the lawful charges of that common carrier with the lowest rate.

For a shipment of hickory handles or other striking-tool handles weighing 100 lbs. or more, the seller may add to the permissible maximum prices provided

for in this section any transportation charges owed or paid by the seller to a common or contract carrier which may exceed \$1.25 per hundredweight provided the point of delivery ordered by the purchaser is located west of 105° West Longitude.

(g) *Export sales.* The maximum prices for export sales of items covered by this section are governed by the Second Revised Maximum Export Price Regulation.

This amendment will become effective December 10, 1945.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 1384—HARDWOOD LUMBER PRODUCTS [MPR 196,² Amdt. 8]

TURNED AND SHAPED WOOD PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Section 1384.51 of Maximum Price Regulation 196 is amended to read as follows:

§ 1384.51 *Definition of "turned or shaped wood products."* For the purpose of this Maximum Price Regulation 196,

¹ 8 F.R. 16795; 9 F.R. 6110; 10 F.R. 2617.

² 7 F.R. 6078, 7254, 8016, 8945; 8 F.R. 11812, 15194, 15431.

(a) The term "turned wood product" means any softwood or hardwood lumber product which has been turned on a cutting machine or passed through a dowel machine. The term "turned wood product" includes handles other than those handles excluded under subparagraph (3) below and it also includes wood parts of utensils and wood parts of appliances (other than rotary cut lumber) which have been turned on a cutting machine or passed through a dowel machine.

The term "turned wood product" also includes products which must have further work performed on them or a part or parts assembled to them before they are ready for ultimate use. The necessity for painting, lacquering or varnishing such products before they are ready for ultimate use shall not be considered criteria to determine whether further work must be performed on the products for them to be ready for ultimate use. In addition, the term "turned wood product" includes wood soles and lasts, however made, and regardless of whether the soles or lasts consist exclusively of wooden parts or of wooden parts assembled with other parts.

The term does not include:

(1) Rotary cut lumber or veneer.
(2) Finished products ready for ultimate use (rather than incorporation in other products), consisting of a turned wood product or an assembly of a turned wood product or products and other parts. Specifically, but not exclusively, the following products are not subject to this Maximum Price Regulation 196: furniture, brooms, mops, carpet sweepers, toys, games, baseball bats, checkers, chessmen, billiard cues, drumsticks, golf tees, tools, wooden spoons, wooden bowls, toothpicks, potato mashers, rolling pins, clothespins, medical applicators and an assembly of wood product units even though any one or more of such units by itself is a turned wood product.

(3) Hickory and other hardwood striking tool handles covered by section 3.10 of Second Revised Supplementary Regulation 14 to the General Maximum Price Regulation.

(b) The term "shaped wood product" means any softwood or hardwood lumber product which has been shaped to pattern on a cutting machine. The term "shaped wood product" includes handles other than those handles excluded under subparagraph (6) below and it also includes wood parts of utensils and wood parts of appliances which have been shaped to pattern on a cutting machine. The term "shaped wood product" also includes products which must have further work performed on them or a part or parts assembled to them before they are ready for ultimate use. The necessity for painting, lacquering or varnishing the products before they are ready for ultimate use shall not be considered criteria to determine whether further work must be performed on the products for them to be ready for ultimate use.

The term does not include:

(1) Moulding.

(2) Millwork.

(3) Small dimension stock either rough, semi-machined or completely machined and either glued or not glued.

(4) Doors, sash, windows and frames or parts thereof.

(5) Finished products ready for ultimate use (rather than for incorporation in other products) consisting of a shaped wood product or an assembly of a shaped wood product or products and other parts. Specifically, but not exclusively, the following products are not subject to this Maximum Price Regulation 196: furniture, toys, tools, picker sticks, toothpicks, clothespins, wooden spoons, medical applicators, tongue depressors, and an assembly of wood product units even though any one or more of such units by itself is a shaped wood product.

(6) Hickory and other hardwood striking tool handles covered by section 3.10 of Second Revised Supplementary Regulation 14 to the General Maximum Price Regulation.

This amendment becomes effective December 10, 1945.

Issued this 4th day of December 1945.

PART 1499—COMMODITIES AND SERVICES

[SR 14E, Amdt. 17]

IMPORTED SOUTH AMERICAN HORSE HIDES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

1. The last sentence of section 3.2 (b) is amended by deleting the word "or" appearing after the phrase "section 3.5 (c)," and by deleting the words appearing after the phrase "section 3.11" and substituting therefor the words "or South American Horse Hides subject to section 3.12 of this regulation."

2. Section 3.12 is added to read as follows:

SEC. 3.12 *Imported South American horse hides.* This section establishes maximum prices for all purchases for importation into the continental United States and for all sales after arrival in the continental United States of South American whole horse hides and parts of wet salted horse hides.

The term "horse hides" as used in this section means untanned horse hides or pony skins originating in South America.

(a) *Maximum prices for the importation of South American whole horse hides—(1) Wet salted whole horse hides.* The maximum price which may be paid by any purchaser for wet salted whole horse hides to be imported into the continental United States shall be the price enumerated in Table I below for the applicable group:

TABLE I

Group	Average net landed weight in pounds	Price per pound net landed weight C. & F. Atlantic or Gulf port of entry
1.....	35¼ to 44¼.....	\$0.105
2.....	44¼ to 48½.....	.1125
3.....	48½ and heavier.....	.1175
Inservibles.....	All weights.....	.075

The average net landed weight for a lot of hides shall be determined as follows:

(i) The lot of hides shall be weighed on arrival in the United States to obtain its gross received weight.

(ii) A representative sample of the lot shall be weighed to obtain the gross received weight of the sample.

(iii) Each hide in the sample shall be biffed twice on each side if shipped in a bundle and once on each side if shipped loose and the sample shall then be reweighed and the loss of weight computed.

(iv) The loss of weight on the sample shall be divided by the gross received weight of the sample to determine the percentage tare on the sample.

(v) The gross weight of the lot shall be multiplied by the percentage tare thus obtained to determine the tare for the lot.

(vi) The tare shall be deducted from the gross received weight of the lot to obtain the net landed weight. No tolerance is permitted.

(2) *Dry or dry salted whole horse hides.* The maximum price which may be paid by any purchaser for dry or dry salted whole horse hides to be imported into the continental United States shall be the price enumerated below for the applicable weight group.

TABLE II

Average weight in kilos	Price, C. & F. Atlantic or Gulf port of entry	
	Per hide	Per pound
3 to 3½.....	\$1.00	-----
3½ to 4½.....	1.10	-----
4½ to 5.....	1.55	-----
5 to 6.....	1.80	-----
6 to 8.....	-----	\$0.13
8 to 9.....	-----	.14
9 to 10.....	-----	.15
10 to 11.....	-----	.155

The shipping weight with 3% tolerance permitted, shall be used in computing the average weight in kilos and the number of pounds for which payment is to be made.

The above maximum prices apply only to lots meeting each of the following specifications:

- (i) Free of inservibles;
- (ii) Minimum 70% first grade hides, maximum 30% desechos;
- (iii) Minimum 90% half hairs and better, maximum 10% summer hairs.

The maximum price for all inservibles and any desechos or summer hairs in excess of the maximum percentages specified above shall be, in the case of hides weighing less than 6 kilos, the price enumerated above for the applicable

weight group reduced by one-third; and in the case of hides weighing 6 kilos or more, 9½ cents per pound.

(b) *Commissions and other charges.* In the event that a broker is employed to purchase for importation horse hides subject to this section 3.12, a commission or fee may be charged and paid for such services as follows:

(1) On import purchases of wet salted horse hides or parts thereof the maximum commission shall be 3% of the applicable maximum price, C & F Atlantic or Gulf port of entry, determined under paragraphs (a) (1) or (d) of this section. However, a broker who finances the importation of the hides, opening his own letter of credit, may charge and be paid in addition thereto ½% of the maximum price, C & F Atlantic or Gulf port of entry, determined under paragraphs (a) (1) or (d) of this section.

(2) On import purchases of dry or dry salted horse hides the maximum commission shall be 4% of the applicable maximum price, C & F Atlantic or Gulf port of entry, determined under paragraphs (a) (2) or (d) of this section.

(c) *Maximum prices for resales in the continental United States of imported South American horse hides.* The maximum price, C & F Atlantic or Gulf port of entry, for the resale in the continental United States of horse hides subject to this section 3.12 shall be, in the case of wet salted hides or parts thereof, the applicable maximum price, C & F Atlantic or Gulf port of entry, determined under paragraphs (a) (1) or (d) of this section plus an amount equal to 3½% thereof, and in the case of dry or dry salted hides, the applicable maximum price, C & F Atlantic or Gulf port of entry, determined under paragraphs (a) (2) or (d) of this section plus an amount equal to 4% thereof.

(d) *Maximum prices for imported South American horse hides which cannot be priced under the preceding paragraphs.* The maximum price for imported whole horse hides or parts of wet salted horse hides subject to this section 3.12 for which a maximum price cannot be determined in accordance with the preceding paragraphs, shall be a price in line with the level of maximum prices established by this section 3.12 and shall be established by an order issued by the Office of Price Administration.

Any person who seeks to establish a maximum price in accordance with this paragraph (d) shall file with the Leather, Fur and Fibers Branch, Consumer Goods Price Division, Office of Price Administration, Washington 25, D. C., an application setting forth: (1) a description in detail of the hides or parts thereof including types, average weights, grades and selections; (2) a statement of the reasons why such hides or parts thereof cannot be priced under one of the preceding paragraphs; (3) the most nearly comparable hides enumerated in the preceding paragraphs, and in the case of whole hides a statement of the characteristics which differentiate such hides from the hides for which a maximum price is sought; and (4) the maximum price requested. No person shall buy, sell or deliver any imported whole hides or parts thereof subject to this section

3.12 (d) until maximum prices therefor have been established by the Office of Price Administration.

(e) *Invoices.* Every seller or broker shall, in connection with every sale subject to this section, furnish to the purchaser within 5 days from the date of shipment an invoice or similar document setting forth in addition to the terms of sale the following information: (1) the names and addresses of the seller and the purchaser; (2) the date of invoice; (3) the date on which the sale or contract was made; (4) the types or groups, average weights, grades and selections (including percentages) of hides included in the shipment, and the price charged for each; (5) the commission charged; and (6) the amounts actually paid for marine and war risk insurance, customs entry fee and any other charges incidental to the receipt of such hides.

(f) *Records.* Every seller or broker shall keep a duplicate copy of the invoice or similar document delivered, and every purchaser in the course of trade or business shall keep the invoice or similar document received, in connection with every sale or purchase of imported hides subject to this section 3.12. Such records shall be made available for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

This amendment shall become effective December 10, 1945.

NOTE: The reporting and record-keeping provisions of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 4th day of December 1945.

Administrator.

Chapter XVIII—Office of Stabilization Administrator, Office of War Mobilization and Reconversion

PART 4004—PRICE STABILIZATION; MAXIMUM PRICES

[Directive 61, Amdt. 2]

FROZEN VEGETABLES—1945

The Price Administrator on September 12, 1945, and the Secretary of Agriculture on November 20, 1945, submitted certain information and recommendations with respect to the payment of subsidies on the quantities of snap beans, sweet corn and green peas used in producing the portion of the 1945 pack of frozen vegetables utilized by the processors thereof in actually producing other food products.

1. I hereby find that the payment of subsidies on the quantities of snap beans, sweet corn and green peas used in producing the portion of the 1945 pack of frozen vegetables utilized by the processors thereof in actually producing other food products will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, the Stabilization Act of 1942, as amended, and Execu-

tive Orders 9250, 9328 and 9599, by correcting a gross inequity.

2. The first sentence of paragraph (2) of Directive 61 issued June 27, 1945, as amended, is further amended to read as follows:

The Department of Agriculture is hereby authorized and directed to make subsidy payments, out of funds of the Commodity Credit Corporation, on frozen snap beans, frozen sweet corn, frozen green peas and frozen mixed vegetables containing one or more of these three vegetables, produced during the period May 1, 1945, through December 31, 1945 (except that with respect to frozen snap beans and frozen mixed vegetables containing snap beans, the terminal date of production shall be February 28, 1946, inclusive), and eligibly sold to purchasers other than Government procurement agencies during the period May 1, 1945, through June 30, 1946 (or such later date as the Department of Agriculture may specify), or used by the processor thereof in actually producing any other food product.

[Directive 90]

PART 4003—SUPPORT PRICES; SUBSIDIES LIVESTOCK SLAUGHTER PAYMENTS

The Price Administrator has submitted to me certain information and recommendations with respect to adjustment of the rates of subsidy payments on livestock slaughtered from July 1, 1945, to October 31, 1945, and from April 1, 1945, to October 31, 1945. After careful consideration, I find:

(a) That on or about June 6, 1945, the Price Administrator, with the approval of the Economic Stabilization Director and the Director of War Mobilization and Reconversion, announced that the Government would see that slaughter of each of the three main species of livestock—cattle and calves, hogs, and sheep and lambs—was separately profitable at least on an annual basis and, to the fullest extent practicable, at all times;

(b) That the substance of this announcement was embodied in the Emergency Price Control Act of 1942 by the so-called Barkley-Bates amendment, effective July 1, 1945, providing that maximum prices for meat and meat products, after the effective date of the amendment, should allow for a reasonable margin of profit to the processing industry as a group on each of the three main species;

(c) That this announcement, together with the Barkley-Bates amendment to the Emergency Price Control Act, was reasonably understood and relied on by the industry as an undertaking that maximum prices for meat and meat

products, or subsidy rates, would be adjusted, if necessary, for the purpose of affording the industry as a whole a reasonable margin of profit on each main species with respect to livestock slaughtered from July 1, 1945, to October 31, 1945;

(d) That this undertaking was necessary in order to obtain the necessary supply of meat and to implement the production and stabilization programs;

(e) That a return of 0.7 per cent on sales is the current equivalent, or more than the equivalent, of the return earned by the industry as a whole in the representative peacetime period 1936-1939 and constitutes, therefore, a reasonable margin of profit on each of the three main species;

(f) That the payments authorized in section 1 of this directive are necessary in order to carry out the foregoing undertaking;

(g) That on or about April 1, 1945, the Price Administrator and the Economic Stabilization Director announced that adjustments would be made in ceiling prices for meat and meat products or in subsidy payments in order to see, first, that so far as practicable the revenues of the meat packing industry during each of the various periods of the year would equal something more than costs of production, and second, that at all events its earnings for the year as a whole would equal those in a fair prewar base period;

(h) That this announcement was reasonably understood and relied on by the industry as an undertaking that, with respect to livestock slaughtered from April 1, 1945 to October 31, 1945, subsidy payments would be adjusted, if necessary, for the purpose of placing the industry as a whole, and any clearly defined segment thereof, in as favorable a position for the year as a whole as it was in during a representative prewar period both from the standpoint of average earnings and from the standpoint of the proportion of the output produced profitably;

(i) That this undertaking was necessary in order to obtain the necessary supply of meat and to implement the production and stabilization programs;

(j) That earnings for the industry as a whole for the fiscal year predominant in the industry were materially in excess of the return on net worth earned in the representative prewar period 1936-1939, and that a smaller proportion of the output was produced at a loss than in that prewar period;

(k) That if the earnings of the largest packers, which received substantial returns from sales of non-food products, are excluded from consideration, the earnings of the remainder of the industry for the fiscal year were still equivalent to the return on net worth earned by this portion of the industry in 1936-1939; but that on this basis a larger proportion of the output was produced at a loss than in the base period;

(l) That the remainder of the industry just referred to (that is, the industry exclusive of the largest packers which received substantial returns from sales of non-food products) constitutes

a distinct segment thereof, and that the undertaking described in paragraph (g), above, requires that this segment of the industry be placed in as favorable a position as it was in during a representative peacetime period from the standpoint of the proportion of the output produced profitably.

(m) That additional subsidy payments made for the purpose of reducing the proportion of the output produced by this segment of the industry at a loss ought not to be made to those slaughterers who already have earned during the fiscal year profits materially better than normal average peacetime profits; and that a return of one percent on sales can reasonably be taken as representing, under current conditions, profits materially better than normal average peacetime profits;

(n) That while so far as practicable additional subsidy payments should be made on the principle stated in paragraph (m), above, it is impracticable to vary payments according to earnings in the case of the smallest slaughterers in the industry because of their number and the inadequacy of their records; that slaughterers who during the fiscal year would otherwise receive less than \$25,000 in livestock subsidy payments (exclusive of the extra compensation provided for non-processing slaughterers) may fairly be taken as representing this class of slaughterer; and that it is reasonable and proper and consistent with the purposes of the stabilization laws to make additional payments to this class of slaughterer irrespective of inquiry into current earnings;

(o) That the payments authorized in sections 2 to 9 of this directive are necessary to carry out the undertaking described in paragraph (g) consistently with the principles and findings stated in paragraphs (h) to (n).

Accordingly, pursuant to the authority vested in me by the Stabilization Act of 1942, as amended, and by Executive Order 9250 of October 3, 1942 (7 F.R. 7871) Executive Order 9328 of April 8, 1943 (8 F.R. 4681), Executive Order 9599 of August 18, 1945 (10 F.R. 10155), Executive Order 9620 of September 20, 1945 (10 F.R. 12033), the directive of October 13, 1945, issued by the Director of War Mobilization and Reconversion (10 F.R. 12812), and Executive Order 9651 (10 F.R. 13487), *It is hereby ordered:*

1. Reconstruction Finance Corporation is authorized and directed to make additional subsidy payments to slaughterers on account of livestock slaughtered from July 1, 1945 to October 31, 1945 (both dates inclusive) as follows:

Cattle and calves: 8 cents per hundredweight.
Sheep and lambs: 20 cents per hundredweight.

2. Subject to the provisions of sections 3 through 9 of this directive, Reconstruction Finance Corporation is authorized and directed to make additional subsidy payments to slaughterers on account of livestock slaughtered from April 1, 1945 to October 31, 1945 (both dates inclusive) as follows:

Cattle and calves: 7 cents per hundredweight.

Sheep and lambs: 10 cents per hundredweight.

Hogs: 15 cents per hundredweight.

3. In the case of slaughterers whose livestock subsidy payments from Reconstruction Finance Corporation, exclusive of the extra compensation provided for non-processing slaughterers, amount to less than \$25,000 for the fiscal year, the payments provided for in section 2 of this directive shall be made without reference to the earnings position of the applicant.

4. In the case of slaughterers whose livestock subsidy payments from Reconstruction Finance Corporation, computed as provided in section 3, amount to \$25,000 or more for the fiscal year, the payments provided for in section 2 of this directive shall be made only if the slaughterer's profit for the fiscal year, before state and Federal income and excess profits taxes, amounts to less than one percent of his net sales of goods and services, and only to the extent necessary to return such profit to the slaughterer.

5. Any subsidy payments which have been made or to which the slaughterer is entitled under section 1 of this directive shall be taken into account in determining his eligibility to receive the payments provided for in section 2.

6. For the purposes of this directive, "fiscal year" means the slaughterer's fiscal year ending between October 15, 1945 and January 15, 1946. If the slaughterer's fiscal year does not end within this period, "fiscal year" means the twelve months preceding the date between October 16, 1945 and January 15, 1946, on which a quarter of the slaughterer's fiscal year ends.

7. For the purposes of determining the payments to be made under sections 2 to 9 of this directive, "slaughterer" includes all affiliated enterprises taken as a unit. Enterprises are affiliated if:

(a) The one owns a majority interest in the other; or

(b) The same person or group of persons owns a majority interest in both; or

(c) The one owns a majority interest in any affiliate of the other.

8. "Net sales", for the purposes of this directive, means the slaughterer's total gross sales of products and services, less cash and trade discounts, returns and allowances, and freight and cartage out. Subsidy payments received by the slaughterer shall not be included in computing net sales.

9. "Profit", for the purposes of this directive, means the excess of net sales of goods and services, plus all subsidy payments (including payments to which the slaughterer would have been entitled but for violation of an Office of Price Administration regulation), over costs and expenses. In determining the relationship of profit to net sales for the purpose of this directive, the following items shall be excluded from costs and expenses:

(a) Administrative salaries, bonuses, commissions and withdrawals, to the extent that they are unreasonably high in comparison with those paid in previous years;

(b) Any wage or salary payments made in violation of the stabilization laws;

(c) Any increase in wages or salaries made after August 18, 1945 which has not been approved by the appropriate wage or salary stabilization agency;

(d) Any amount paid, or obligation incurred, as a fine or civil penalty, or in settlement of any liability, on account of violation of any regulation of the Office of Price Administration;

(e) Any amount paid by the slaughterer for commodities or services in excess of the applicable maximum prices established by the Office of Price Administration;

(f) Any items, including provisions for reserves, which are not properly chargeable as operating costs or expenses during the fiscal year under generally accepted accounting methods.

10. Reconstruction Finance Corporation shall require that every slaughterer agree, as a condition of receiving any payment authorized by this directive, that he will furnish to any agency designated by the Stabilization Administrator his books, records, income tax returns or any other information, as required, bearing upon his eligibility to receive such payments.

11. The provisions of section 7 of Office of Economic Stabilization directive No. 41 shall apply to the payments provided for in this directive with respect to violations occurring within the slaughterer's fiscal year.

12. Reconstruction Finance Corporation is authorized and directed to amend its Regulation No. 3—Livestock Slaughter Payments—in accordance with the provisions of this Directive.

OFFICE OF PRICE ADMINISTRATION.

[SO 119, Order 24]

UNITED METAL BOX CO.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's maximum prices.* The United Metal Box Company, Brooklyn, New York may increase by no more than 8.1% its ceiling prices for sales to each class of purchaser of the metal kitchen cabinets which it manufactures. This increase in ceiling prices need not be separately stated on the invoice.

(b) *Maximum prices of purchasers for resale.* Purchasers for resale of any article which the manufacturer sells at a price adjusted in accordance with this order, shall determine their maximum resale prices in the following manner:

(1) A retailer who must determine his ceiling prices under Maximum Price Regulation No. 580 by the use of a pricing chart shall compute his ceiling prices in the manner provided by that regulation.

(2) A wholesaler who must determine his ceiling prices under Maximum Price Regulation No. 590 shall find his ceiling price in the manner provided by that regulation.

(3) A purchaser for resale who must determine his maximum prices under the General Maximum Price Regulation, and who delivered or offered for delivery during March 1942 an article which meets the definition of "most comparable article" contained in § 1499.3 (a) of that regulation, except that it need not be currently offered for sale, shall find his ceiling prices according to the method and procedure set forth in that section using as his "cost" his invoice cost, but not including any separately stated adjustment charge.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(4) If a purchaser for resale cannot determine his ceiling price under any of the above methods, he shall apply to the Office of Price Administration for the establishment of his ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices adjusted in accordance with this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's terms, discounts, and allowances, on sales to each class of purchaser in effect during March 1942, or thereafter properly established under OPA regulations.

(d) *Notification.* At the time of or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller

shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted maximum prices for resale of the articles. This notice may be given in any convenient form.

(e) All requests not specifically granted by this order are hereby denied.

(f) This order may be revoked or amended by the Price Administrator at any time.

(g) This order shall become effective on the 4th day of December, 1945.

SPECIAL RULES FOR DECEMBER 1945 FOR
SELLERS WITH SURCHARGES

[SO 108, Special Order 9]

An opinion accompanying this Special Order No. 9 under section 17 of Supplementary Order 108, issued simultaneously herewith, has been filed with the Division of the Federal Register.

SECTION 1. *What this order does.* This order provides for a special type of operation during December 1945 for sellers who, during the third quarter of 1945

¹ 10 F.R. 4336, 5995, 6402, 8368, 10200, 12080, 12984.

incurred net surcharges which they had not made up by December 1. Such sellers are not required to operate on a makeup basis (as described in section 7 of S. O. 108) during December 1945.

SEC. 2. Special operations during December 1945. If you incurred a net surcharge during the third quarter of 1945 and have not made up such surcharge in its entirety by December 1, 1945, your deliveries of all items must be made at such prices that, during December 1945, your total net dollar amount charged for all items does not exceed the total of your maximum average prices multiplied separately for each category by the number of units delivered in that category (that is, the total net dollar amount you would have charged for all of your merchandise if you had delivered each item at the maximum average price for its category).

If your total net dollar amount charged during December 1945 is higher than the total net dollar amount you would have charged if you had delivered each item at the maximum average price (for its category) the amount of the excess constitutes an overcharge on the aggregate of your deliveries during December 1945.

This special order shall become effective as of December 1, 1945.

Issued this 3d day of December 1945.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region II by the Emergency Price Control Act of 1942, as amended, and by General Order 68, it is hereby ordered:

(a) *What this order does.* This basic order puts into one document the provisions which will be common to all future orders establishing flat (dollars-and-cents) maximum prices for sales by all persons except manufacturers of commodities under the jurisdiction of the Building Materials and Construction Price Branch of the Office of Price Administration which are covered by the General Maximum Price Regulation, 3rd

Revised Maximum Price Regulation 13, Maximum Price Regulation 44 (except as to sales covered by Maximum Price Regulation 525) and Maximum Price Regulation 293 (except as to sales covered by Maximum Price Regulation 525) and Maximum Price Regulation 381, to be issued by the New York Regional Office, Region II, pursuant to the authority contained in General Order 68. The orders to be issued under this Basic Order are referred to herein as adopting orders and when issued will expressly adopt the provisions of this basic order. The provisions of the regulations above named remain unaffected by this basic order unless and until adopting orders are issued under this order. When such adopting orders are issued the maximum prices fixed by such adopting orders will supersede any maximum prices or pricing methods previously fixed by the applicable regulation above named as to the commodities covered by such adopting order on sales in the area covered by such adopting order. Except to the extent that they are inconsistent with the provisions of this order, all other provisions of the regulation applicable to the commodity or commodities covered by adopting orders shall apply to sales covered by such adopting orders.

(b) *Transactions covered by this order.* This order covers all sales by all persons except manufacturers of commodities under the jurisdiction of the Building Materials and Construction Price Branch of the Office of Price Administration which are covered by the regulations above named.

(c) *Relationship of this order and all adopting orders under this basic order to the General Maximum Price Regulation, 3d Revised Maximum Price Regulation 13, Maximum Price Regulation 44, Maximum Price Regulation 293 and Maximum Price Regulation 381.* Adopting orders issued under this basic order fixing maximum prices for sales of commodities named therein in areas described therein shall supersede any maximum prices or pricing methods previously fixed by any other regulation or order except as modified by this order and by adopting orders hereafter issued. All other provisions of the applicable regulation shall continue to apply to sales covered by this order and by such adopting orders.

(d) *Posting of maximum prices.* Every seller making sales covered by any adopting order under this basic order shall post a copy of the list of maximum prices fixed by such adopting order in each of his places of business in the area covered by such adopting order in a manner plainly visible to all purchasers. Every seller making sales covered by any adopting order issued under this basic order shall, if requested by the purchaser, make available to the purchaser for inspection a copy of this order and a copy of the applicable adopting order.

(e) *Sales slips and records.* Every seller covered by any adopting order issued under this basic order who has customarily given his customers a sales slip or other evidence of purchase must continue to do so. Upon request from a cus-

toomer, such seller, regardless of previous custom, must give the purchaser a receipt showing the date, name and address of the seller, a description of each item sold and the price received for each item. If such seller customarily prepared the sales slip in more than one copy, he must keep for at least six months after delivery, a duplicate copy of each sales slip delivered by him pursuant to this section. Each such seller shall also keep at his place of business all records required by the applicable regulation and make the same available for inspection by representatives of the Office of Price Administration so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

[Region I Order G-7 Under RMPR 251]

INSTALLED MINERAL WOOL INSULATION IN BOSTON AREA

An opinion accompanying this order, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Under the Authority vested in the Regional Administrator of Region I by section 9 of Revised Maximum Price Regulation No. 251, and by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250, 9328, and 9599, Order No. G-1 is hereby issued.

SECTION 1. Transactions covered by this order. This order covers sales of mineral wool insulation on an installed basis in existing structures located in the area set forth in section 3 of this order. Certain items of incidental construction work are also given specific prices by this order when performed by sellers of mineral wool insulation on an installed basis. All other incidental construction work remains covered by Revised Maximum Price Regulation 251.

"Mineral wool" means rock wool, slag wool, glass wool or any other material used to retain or exclude heat, whether loose or in batt or blanket form.

"Existing structures" means completed structures, whether occupied or unoccupied, and includes ordinary changes, improvements, remodeling, and additions to such structures.

"On an installed basis" means a transaction in which the seller furnishes mineral wool insulation, together with the labor, services and material required to incorporate such insulation into an existing structure. Installation may be performed by the pneumatic or blowing method, by the hand-packing method, or by the use of batts and blankets.

"Incidental construction work" means work performed or services rendered with respect to a building or structure apart from the installation of mineral wool insulation.

SEC. 2. Relationship of this Order No. G-1 to Revised MPR 251. (a) The provisions of this order supersede sections 6, 7, 8, 16, and 17 of Revised Maximum Price Regulation 251, except as otherwise provided in this order, with respect to sales of mineral wool insulation on an installed basis and certain items of incidental construction work. Except as otherwise provided herein, all transactions subject to this order shall remain subject to all provisions of Revised Maximum Price Regulation 251, together with all amendments that have been or hereafter may be issued.

(b) On and after the effective date of this order, regardless of any contract or other obligation, no person shall sell, offer to sell, or deliver in the area covered by this order mineral wool insulation on an installed basis or incidental construction work listed in Table I at prices higher than the maximum prices established by this order, *Provided, however*, if the seller has complied with section 9, his recomputed price shall be his maximum price and any offer, sale, or delivery in excess thereof shall, for the purposes of this order, be of no effect.

(c) An employer paying or about to pay labor rates higher than those in effect for him on the effective date of this order by reason of the pre-determination of wage rates by the Secretary of Labor under the Davis-Bacon Act or any order or authorization of the Wage Adjustment Board, National War Labor Board, or Economic Stabilization Director may file a petition for the amendment of this order to reflect such increased labor rates. Such a petition for amendment shall conform in all respects with the provisions of Revised Procedural Regulation No. 1, except that it shall be filed with the Boston Regional Office of the Office of Price Administration.

SEC. 3. Geographical applicability. This order shall apply to installations in structures located in the following Massachusetts cities and towns referred to in this order as "Metropolitan Boston Area":

Ablington, Acton, Andover, Arlington, Ashland, Avon, Bedford, Belmont, Beverly, Billerica, Boston, Boxford, Braintree, Brockton, Brookline, Burlington, Cambridge, Canton, Carlisle, Chelsea, Cohasset, Concord, Danvers, Dedham, Dover, Easton, Everett, Foxborough, Framingham, Hanover, Hingham, Holbrook, Holliston, Hull, Lexington, Lincoln, Lynn, Lynnfield, Malden, Marblehead, Medfield, Medford, Melrose, Middleton, Millis, Milton, Nahant, Natick, Needham, Newton, Norfolk, North Andover, North Reading, Norwell, Norwood, Peabody, Quincy, Randolph, Reading, Revere, Rockland, Salem, Saugus, Scituate, Sharon, Sherborn, Somerville, Stoneham, Stoughton, Sudbury, Swampscott, Tewksbury, Topsfield, Wakefield, Walpole, Waltham, Watertown, Wayland, Wellesley, Wenham, Weston, Westwood, Weymouth, Whitman, Wilmington, Winchester, Winthrop and Woburn.

SEC. 4. Maximum prices for sales of mineral wool insulation on an installed basis and incidental construction work—(a) *Mineral wool insulation on an installed basis.* The maximum prices for sales of mineral wool insulation on an installed basis shall be those shown in Table I of this section. Prices apply to all types and thicknesses of blown mineral wool and to all types and thicknesses of hand packed loose mineral wool and to batts and blankets. The prices listed in Table I are based upon an insulation thickness of 4 inches. For each inch or fraction of inch of insulation over 4 inches, when ordered by the buyer, the seller may make the following additional charges:

For flat areas, $3\frac{1}{2}\epsilon$ per square foot.
For vertical areas, $3\frac{1}{2}\epsilon$ per square foot.
For sealed slopes, $3\frac{1}{2}\epsilon$ per square foot.

For each inch of thickness under 4 inches the seller shall deduct 2ϵ per square foot. A $\frac{3}{8}$ inch tolerance may be allowed for thicknesses of 4 inches or over, but no tolerance shall be allowed for thicknesses under 4 inches.

The diagrams referred to in Table I are on file with the Division of the Federal Register, and are hereby made a part of this order. For the convenience of sellers and buyers, and in the interest of simplification and clarity of description, copies of these diagrams (known as Home Insulation Diagrams) may be obtained at the Boston Regional Office of Price Administration.

Where a machine or a crew of two or more workers is used on mineral wool insulation jobs and the total charge as determined in accordance with maximum prices listed in Table I is \$100 or less, the seller may add \$10 to such charge.

(b) *Incidental construction work.* Maximum prices for certain incidental construction work are established by categories 29 to 35 of Table I. The work described by these categories shall be subject to the maximum prices established in the table, only when performed and sold by the installer of mineral wool insulation. When sold by other sellers the maximum price shall be determined under the applicable area order for such sellers and if there is no applicable area order, then maximum price shall be determined under Revised Maximum Price Regulation 251. When any incidental construction work necessary for the completion of the installation of "mineral wool" (whether listed in categories 29 to 35, inclusive, or not) is performed by a subcontractor but sold by the installer, the installer's maximum price shall be the price charged by the subcontractor not to exceed the subcontractor's maximum price determined under the applicable area order for such work, and if there is no applicable area order covering such incidental construction work, the subcontractor's maximum price shall be determined under Revised Maximum Price Regulation 251.

SEC. 5. *Measurements.* It shall be the seller's responsibility to ascertain that all measurements are accurate. Measurements for exterior walls are to be taken overall, with no deduction for openings, except for sun porch walls, store fronts or similar areas where windows and door areas must be deducted. In the case of elevator wells, ventilators, skylights, monitors and pent houses on flat roofs the entire such area must be deducted where they are more than 16 square feet in area and extend through the flat ceiling area to be insulated. For attic floors outside gross dimensions may be taken. In measuring the height of knee walls, to the height between floors, joists and rafters add one foot for floor seal piling of insulation. For slopes add six inches to length of clear span for capping intersecting surfaces. For flat ceilings which intersect slopes add one foot to length of span taken at right angles to intersection slopes. For stairwell walls measurement may be taken as a rectangle from floor to ceiling and not as triangles. Where the exterior walls are of brick and/or stone veneer or solid brick, the area of floors or ceilings to be insulated shall be determined by taking gross interior dimensions.

In determining the total of the square foot area for each category of insulation installed a tolerance of 5 percent will be permitted.

SEC. 6. *Maximum prices for special insulation and related work and incidental construction.* (a) The maxi-

mum prices that may be charged for sales in the area covered by this order for special insulation and related work and incidental construction work for which no separate dollars-and-cents price has been set out in Table I of this order shall be the maximum prices established in accordance with Revised Maximum Price Regulation 251.

SEC. 7. *Quoting a "guaranteed price."*

The seller may offer to sell an insulation job covered by this order on the basis of a "guaranteed price" wherein the seller agrees to charge a fixed amount: *Provided, however,* That the so-called "guaranteed price" must not be higher than the maximum price figured in accordance with the pricing methods and requirements of this order. The seller shall stamp or otherwise mark conspicuously on each invoice a statement in substantially the following form: "Prices are at or below ceiling prices set by OPA Regional Order G-1 under RMPR 251."

SEC. 8. *Records and invoices.* (a)

Every seller of mineral wool insulation on an installed basis, whether the sale is made as a part of a general contract calling for installation of other commodities or not, shall: (1) Preserve records showing the information given in compliance with subparagraphs (i) to (vi) of this section. (2) Upon completion of the work or within a reasonable time thereafter, if requested by the purchaser, give to the purchaser an invoice or similar document showing:

(i) The date of the sale and the date on which the installation was completed.

(ii) The name and address of the seller and buyer.

(iii) The number of square feet and type of insulation installed, the thickness of insulation material, and the areas in which such insulation material was installed.

(iv) The price charged for each separate category exactly as stated in Table I including category number and diagram number.

(v) The terms of sale.

(vi) A statement shown separately on the invoice of any special insulation and related work and incidental construction work and the prices therefor.

(b) Every person making sales subject to this order shall notify the purchaser of the existence of this order, and, if requested, show the purchaser a copy of this order and a copy of the home insulation diagrams referred to in this order and Revised Maximum Price Regulation No. 251.

SEC. 9. *Recomputation.* Within 30 days from the commencement of the work performed pursuant to a sale covered by this order, the seller shall recompute his price by reviewing the categories and other factors used in arriving at his price on the basis of actual services rendered and material furnished and shall determine whether the price quoted or charged is the properly established maximum price. In case the price quoted or charged is higher than the maximum price, the seller shall reduce his price to the properly established maximum price and shall refund

to the buyer within 30 days from the commencement of the work any excess which has been paid, or by written notice to the buyer, shall cancel the appropriate part of the indebtedness for any unpaid excess, or both, as the case may be. In the event an extension of time is required, the seller may apply in writing to the Boston Regional Office and for good cause shown, the Regional Administrator or his designee shall grant the extension in writing.

SEC. 10. Enforcement. (a) Persons violating any provisions of this order are subject to the criminal penalties, civil enforcement actions, suits for treble damages, and proceedings for revocation of licenses provided for by the Emergency Price Control Act of 1942, as amended.

(b) Agencies of the United States and their contracting or paying finance officers are not subject to any liability, civil or criminal, imposed by this order.

SEC. 11. Licensing. The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this order. A seller's license may be suspended for violations of the license or of one or more maximum price regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 12. Revocation. This order may be revised, amended, or revoked at any time by the Office of Price Administration.

This Order No. G-1 shall become effective November 5, 1945.

PAINTING AND PAPERHANGING SERVICES IN NORTHERN IDAHO AND EASTERN WASHINGTON

For the reasons set forth in an opinion issued simultaneously herewith, and under the authority vested in the Regional Administrator of the Office of Price Administration by section 9 of Revised Price Regulation No. 251, it is hereby ordered:

(a) *What this order does.* This order establishes maximum prices for all painting and paperhanging services performed in the following areas:

In the State of Idaho. The Counties of Benewah, Bonner, Boundary, Clearwater, Idaho, Kootenai, Latah, Lewis, Nez Perce, and Shoshone.

In the State of Washington. The Counties of Adams, Asotin, Benton, Columbia, Douglas, Ferry, Franklin, Garfield, Grant, Lincoln, Pend Oreille, Spokane, Stevens, Walla Walla, and Whitman, and that portion of Okanogan County lying south of a line extending northeast from the most northerly point of Douglas County.

(b) *Maximum prices.* The maximum price for painting and paperhanging services shall be the sum of a charge for labor, a charge for the materials used, and such other charges as may be permitted by this order. The maximum charge for labor shall be the sum of separate charges determined by multiplying the number of hours of labor performed in each category by the maximum rate provided for that category by subparagraphs (b) (1). The maximum price of the materials used shall be as is provided by subparagraph (b) (2). The maximum prices established by this order include all expenses and no additional charge shall be made for any other cost or incidental service except as may be permitted by this order.

The hourly rate for such seller (if he performs some of the work himself) shall be, and the hourly rate for each employee shall not exceed:

For sellers whose place of business nearest to the point where the work is performed is—	For all paperhanging and for brush painting at levels of 75' or less	For all spray painting; and for outside brush painting at levels of more than 75'

(ii) *For sellers who employ no workmen,* but who perform their own work on the job, the basic maximum hourly

rate shall be 80 per cent (rounded to the nearest 5 cents) of the applicable dollars-and-cents rate provided in subparagraph (i) above.

(iii) *Measurement of hours.* The total number of hours per workman chargeable against any job is to be computed from the time such workman leaves the seller's shop or the previous job (whichever is later) until he completes the job (if he proceeds to another job) or until he returns to the shop (if he proceeds there directly), excluding, however, any stops or delays in transit. For any job extending into more than one day, time in transit to and from the job may be charged only once. The hours for which charges are made shall not exceed those shown in the seller's payroll nor those shown on any records or invoices which this order may require the seller to prepare, issue, or keep.

(iv) *Overtime work* may be charged for at the rate of one and one-half times the rate provided above, but only if performed at the customer's request and only if the employee (if any) is paid on an overtime basis, and only if the work is performed on Saturday, Sunday, a legal holiday, or after the performance of eight hours of straight time work on a given day and before 8:00 a. m. of the following day.

(2) *Materials.* The maximum price of any materials used shall be the maximum price provided by the appropriate maximum price regulation for sales of such materials at retail or the seller's cost (not exceeding legal cost) plus 33 1/3%, whichever is lower. Any unused materials charged to the customer shall become the property of the customer.

(3) *Other charges*—(i) *Mileage.* For necessary travel to and from a job outside a seller's "free delivery zone", mileage may be charged at the rate of 5 cents per mile per job per day. Mileage is to be measured along the most direct customary route between the seller's nearest place of business and the point at which the work is performed and may not be charged for travel within a seller's "free delivery zone." This zone is the area surrounding such place of business and extending for the following distance therefrom:

Seller's location:	Radius of seller's "free delivery zone"
Spokane County, Washington.....	20 miles
All other areas.....	5 miles

(c) *Definitions.* (1) "Painting and paperhanging services" means the painting of any building, structure, or construction project, or any part, fixture, or equipment thereof, or the application of any wall paper or decorating or surface-finishing paper, or any paint, calcimine, shellac, varnish, or any other protective or ornamental coating thereto, and also includes all services incidental thereto, such as cleaning and preparation of surfaces, or cleaning of premises.

(d) *Jobs selling for more than \$200.00.* For jobs selling for more than \$200.00 the maximum price shall be the maximum price provided by this order or the maximum price provided by section 7 of Revised Maximum Price Regulation No. 251, whichever is lower. When determining a price under section 7 for the purposes of this order, the seller shall use the sum of his labor costs, material costs, and other direct costs, and a margin not exceeding the margin used on the most comparable job in the period January 1, 1939, to March 31, 1942, or, for sellers not in business in March 1942, a margin not exceeding 30% of the sum of labor, material, and other direct costs.

(e) *Guaranteed prices.* Where a seller offers to supply a painting or paperhanging service covered by this order on the basis of a guaranteed price, the seller agreeing to charge a fixed amount, such guaranteed price may not exceed the maximum price established by this order. With respect to such job the seller shall keep records and furnish invoices as required by other paragraphs of this order.

(f) *Lower prices* than the maximum prices established by this order may be charged, demanded, offered, or paid.

(g) *Records and invoices.* Every person making sales subject to this order must keep a record showing the time spent by each employee on each job involving painting and paperhanging services, the wage rate for such employee, the names and addresses of the buyer and seller, and the location of the job, and the date of its completion. Such seller shall also furnish each customer an invoice or sales slip on which he has itemized the same information and on which he has certified that the price charged does not exceed the price permitted by this Order No. G-14 under Revised Maximum Price Regulation No. 251. These records and duplicates of such invoices or such sales slips shall be kept by the seller at his place of business and shall be available for inspection by the Office of Price Administration.

(h) *Relation of this order to Revised Maximum Price Regulation No. 251.* Except as otherwise provided in this order, this order supersedes sections 6, 7, and 8 of Revised Maximum Price Regulation No. 251 with respect to sales covered by this order. Except to the extent they are inconsistent with the provisions of this order, however, all other sections of Revised Maximum Price Regulation No. 251, together with all amendments thereto that have been or may be issued, shall apply to sales covered by this order. As to such services it also supersedes any other order issued under section 9 of Revised Maximum Price Regulation No. 251.

(i) This order may be revoked, amended, or corrected at any time.

This order shall become effective November 26, 1945.

Issued this 8th day of November 1945.

The Commonwealth & Southern Corporation (Commonwealth), a registered holding company, having filed a declaration pursuant to the Public Utility Holding Company Act of 1935, particularly section 12 (c) thereof and Rule U-46 thereunder, regarding the proposed payment of a dividend of \$1.50 per share, subject to approval by this Commission, on the 2nd day of January, 1946, to stockholders of record at the close of business on the 7th day of December, 1945, on its 1,482,000 shares of preferred stock outstanding, the aggregate amounts of such dividend payment being \$2,223,000; and

Commonwealth having stated in the declaration that "The Board * * * recognizes that the restatement of the carrying value of Commonwealth's investments, which restatement it is proposed in the Amended Plan will be made upon consummation thereof, will result in a decrease in such carrying value in an amount not less than the sum of (a) the amount shown as 'Earned Surplus' in the balance sheet as at October 31, 1945 and (b) the amount of net income to be received subsequent to October 31, 1945 and prior to the date of such restatement, provided such restatement is completed within some reasonable period, say by June 30, 1946, and, accordingly, the 'Earned Surplus' account is so qualified that, under the rules and practice of the Commission, payment of said dividend is subject to the requirements of Commission authorization under the provisions of section 12 (c) of the act and Rule U-46 in spite of the fact that, as authorized by section 34 of the Delaware General Corporation Law, the source of payment of such dividend under such Law is Commonwealth's net profits for the current and preceding fiscal years"; and

Said declaration having been filed on November 9, 1945 and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for a hearing with respect to said declaration within the period specified in the said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission regarding the proposed payment as similar in principle to those proposed by Commonwealth and permitted by the Commission's orders of June 24, September 13, November 26, 1943, March 8, June 3, September 5, December 21, 1944, March 12, 1945, May 30, 1945, and September 17, 1945. (Holding Company Act Releases Nos. 4383, 4560, 4709, 4933, 5084, 5268, 5508, 5659, 5833 and

6056) and, as in the case of said prior dividend payments, as being made out of capital; and

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to permit said declaration to become effective; and

Commonwealth having requested that the effective date of the declaration be accelerated to facilitate the prompt payment of the proposed dividend to the preferred stockholders and the Commission deeming it appropriate that such request for acceleration be granted;

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the Act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid declaration be, and the same hereby is, permitted to become effective forthwith, *Provided, however*, That this order shall not be construed as a determination that such dividend payment is or is not taxable to the recipient pursuant to the provisions of the Internal Revenue Code, *And provided further*, That Commonwealth accompany the dividend checks with a statement to the effect (1) that the Commission regarded the dividend payment as being made out of capital for purposes of the Public Utility Holding Company Act of 1935 and (2) that the Commission's statement to this effect did not purport to be a determination that such dividend payment is or is not taxable to the recipient pursuant to the provisions of the Internal Revenue Code.

SEATTLE GAS CO.

NOTICE OF FILING AND ORDER FOR HEARING
AND CONSOLIDATION

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 3d day of December 1945.

Notice is hereby given that Seattle Gas Company (Seattle), a public utility subsidiary of Portland Electric Power Company and Portland General Electric Company, registered holding companies, has filed an application with this Commission pursuant to the Public Utility Holding Company Act of 1935, particularly section 6 (b) thereof and Rule U-50 promulgated thereunder.

All interested persons are referred to said application, which is on file in the

office of said Commission, for a statement of the transactions therein proposed, which are summarized as follows:

Seattle proposes to issue and sell, at a price to be determined by competitive bidding, \$4,800,000 principal amount of First Mortgage Bonds, ----% Series due 1976. The net proceeds from the sale of the bonds proposed to be issued will be applied by the company to the redemption on April 1, 1946, of \$4,678,250 principal amount of Seattle's First and Refunding Mortgage Bonds, 5% Series A, due October 1, 1954, presently outstanding, at 102½% of the principal amount thereof, or \$4,795,206.25. The balance of \$32,250 principal amount of such First and Refunding Mortgage Bonds, 5% Series A, held in the treasury of the company will be surrendered to the trustee under the mortgage securing such bonds at or prior to the time of issuance and sale of the First Mortgage Bonds, ----% Series due 1976. Seattle further proposes to use its treasury funds to pay accrued interest payable to April 1, 1946. It is also provided that treasury funds will be used to the extent that the proceeds from the sale of the bonds are not sufficient to pay any balance of the redemption price. To the extent, if any, that such proceeds exceed the amount required for such redemption, the excess will be added to the general funds of the company to reimburse it in part for the cost of net additions to its utility plant made during the period from January 1, 1944 to August 31, 1945, inclusive, in the amount of \$192,342.

The proposed issue and sale of the new bonds is subject to the applicant obtaining the express authorization of the Department of Public Utilities of the State of Washington, in which state Seattle is organized and doing business.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to such matters and that said application shall not be granted except pursuant to further order of the Commission; and

It further appearing to the Commission that evidence bearing on the matters recited above and upon the questions to be determined is contained in the record of the proceedings before this Commission entitled "In the Matter of Seattle Gas Company, File No. 54-124, File No. 59-79"; and

It further appearing that the trial examiner heretofore designated to preside at the hearings (File No. 54-124, File No. 59-79) is unable to preside at the time hereinafter mentioned and that a new trial examiner should be designated at the consolidated hearings herein;

It is ordered, That the proceeding in this matter (File No. 70-1197) and the proceedings heretofore commenced and instituted by the Commission (File No. 54-124, File No. 59-79) be and they hereby are consolidated and that a consolidated hearing under the applicable provisions of the act and rules of the Commission promulgated thereunder be held on December 17, 1945 at 10:00 a. m., e. s. t., at the offices of the Securities and Exchange Commission, 16th and Locust

All persons desiring to be heard or otherwise wishing to participate in the proceedings shall file with the Commission, on or before December 14, 1945, a written request relative thereto, as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That the Secretary of the Commission shall serve notice of this order by mailing copies thereof by registered mail to the applicant and to the Department of Public Utilities of the State of Washington and that notice shall be given to all other persons by publication thereof in the **FEDERAL REGISTER**.

It is further ordered, That Richard E. Townsend, or any other officer or officers of the Commission designated by the Commission for that purpose, be, and he

is hereby, designated to preside at such consolidated hearing, in lieu of the trial examiner heretofore designated to preside at the hearing "In the Matter of Seattle Gas Company, File No. 54-124, File No. 59-79", and the said Richard E. Townsend is hereby granted all the powers heretofore granted to the trial examiner so heretofore designated.

It is further ordered, That without limiting the scope of the issues presented by said application, particular attention will be directed at the hearing to the following matters and questions:

1. Whether the proposed issue and sale of the new bonds is solely for the purpose of financing the business of the applicant and will have been expressly authorized by the State Commission of the state in which the applicant is organized and doing business.

2. Whether and to what extent it is appropriate in the public interest and

for the protection of investors and consumers to attach terms and conditions with respect to the proposed issue and sale.

It is further ordered, That jurisdiction be and is hereby reserved to separate, whether for hearing, in whole or in part, or for disposition, in whole or in part, any of the issues, questions, or matters hereinbefore set forth or which may arise in these proceedings, or to consolidate with these proceedings other filings or matters pertaining to said consolidated proceedings or to take such other action as may appear conducive to an orderly, prompt and economical disposition of the matters involved.
